**Christmas Comes To Us All Once A
Year**

M & T: F. Arquilla

Christmas comes to us all once a year * Bringing forth much love and good cheer *
Blaring snow from heaven above * Clothes our hearts like a blanket of love

Little children sing hymns * 'Round the ol' Christmas tree * And the song lights they
sparkle * In close harmony

Church bells ringing, the chime * Rining so much delight * You'll just know that this
is Christmas night

Christmas comes to us all once a year * Greeting all with love, so sincere * Stars up
high twinkle so bright and gay * Telling all (it) soon will be Christmas Day
